

## PIT & BATTERY

Unload and Assembly may only take place in the designated area as indicated on the map.

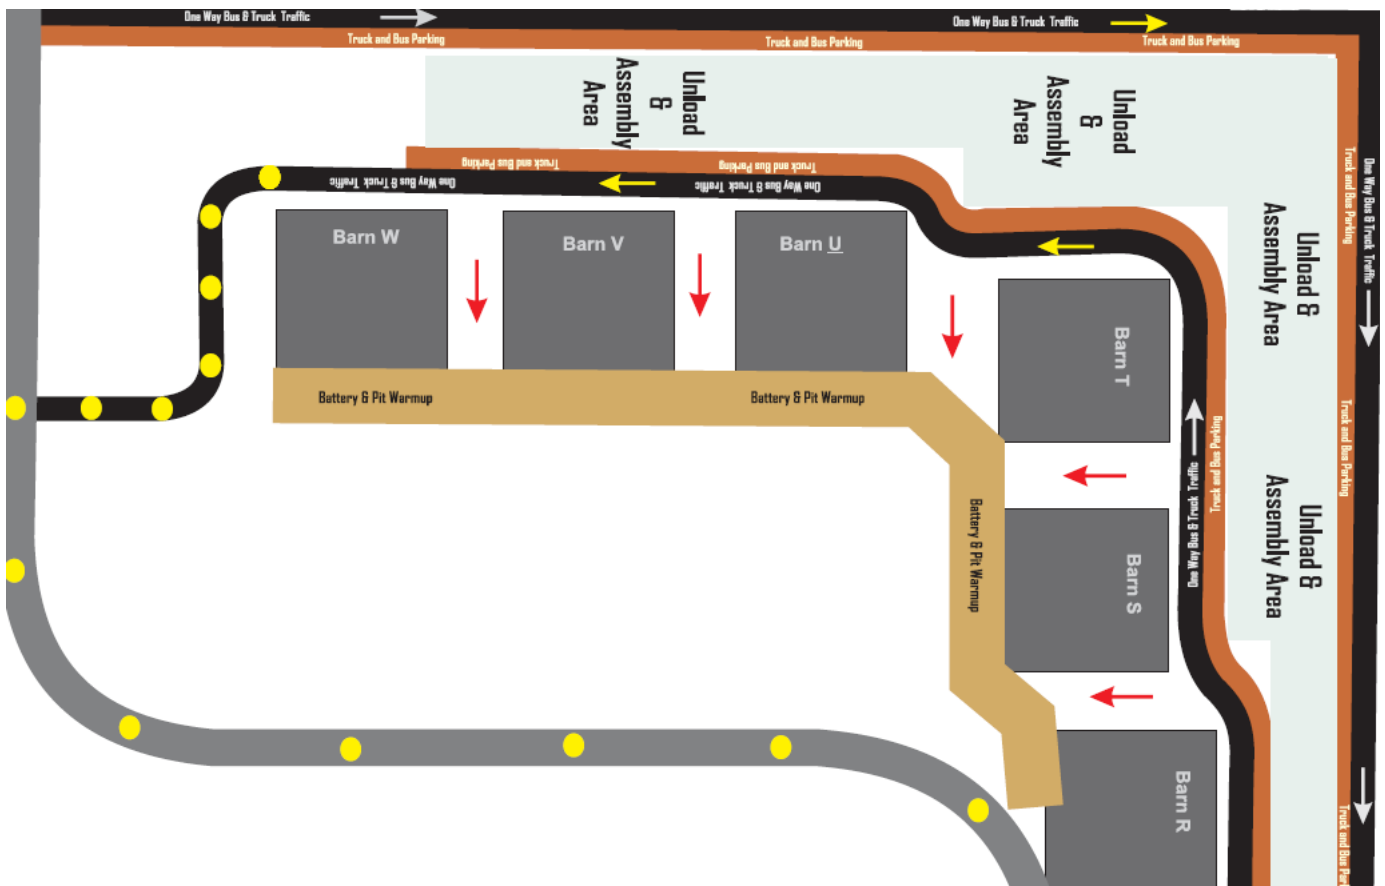

## PIT & BATTERY [PIT ALLEY]

Pit Alley is indicated in the map below, labeled as Battery & Pit Warmup. Battery & Pit are designated, but not limited to warming up in this area.

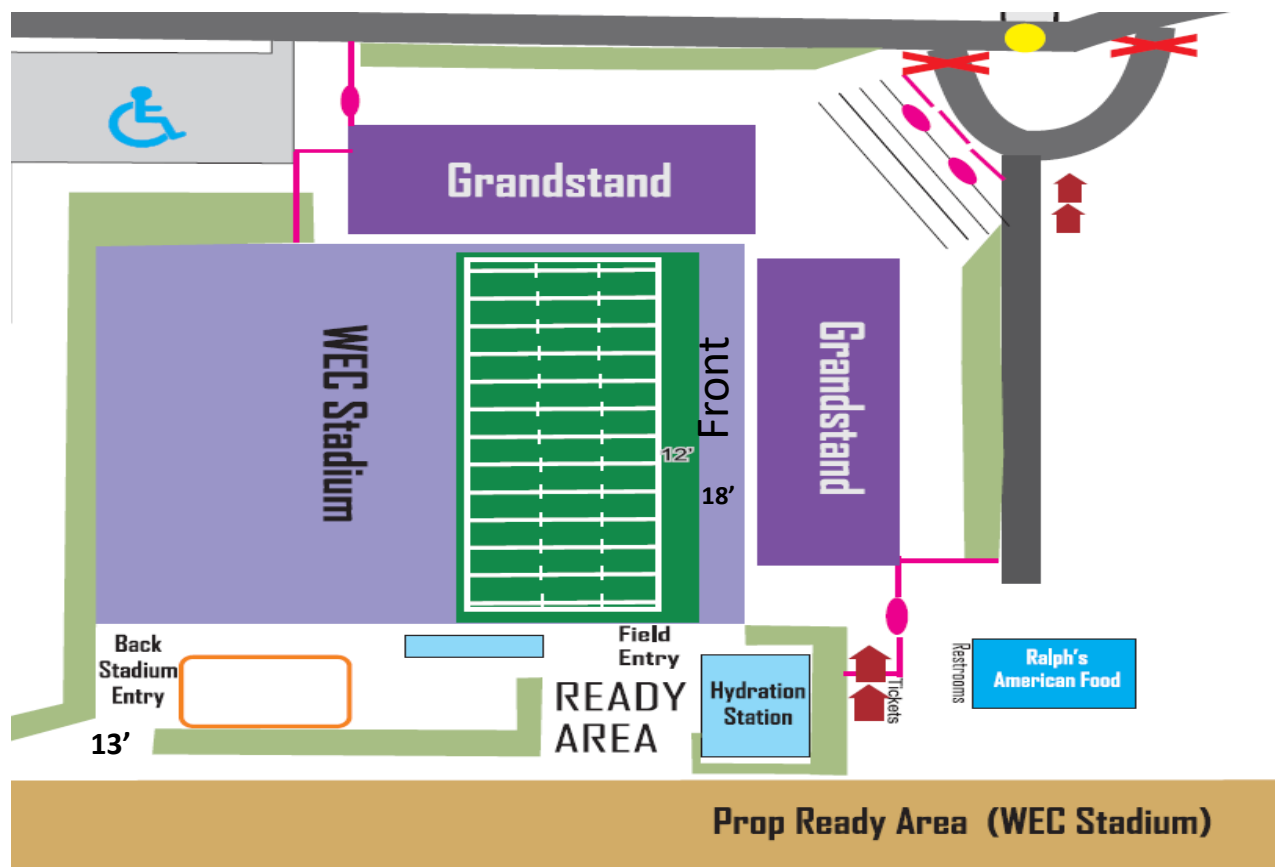

The Battery and Pit may also accompany the rest of the band through the tunnels to their designated Arena Warmup location (these buildings have an echo factor).

## PIT & BATTERY [WEC STADIUM]

Pit equipment may move to the WEC Prop Ready area for 2A, 4A & 5A bands using the prop alley pass throughs areas between Barns HI, GH or FG. Be aware of your appropriate convoy time in the schedule to move to the ready area. Pit and Battery should be in the ready area for their on deck time frame. Bands have the option to enter and exit from the back stadium entry or the front field entry. (Pneumatic wheels recommended for props and pit entering the back stadium entrance)

## PIT & BATTERY [GRAND ARENA]

Pit equipment may move to the Grand Arena Prop Ready area for 1A & 3A bands using the prop alley pass throughs areas between Barns AB, BC, or CD. Be aware of your appropriate convoy time in the schedule to move to the ready area. Pit and Battery should be in the ready area for their on deck time frame. Should your 1A or 3A band advance to finals, please refer to Pit & Batter [WEC Arena] instructions (previous page).
